Kugom Operational Report

1. Enclosed is a report from Essence in which he cites additional details regarding the alleged implication of Rogelio CRUZ Wer in an anti-government plot (paras. 2-8). Highlights regarding this matter were cabled to Lincoln, and you have undoubtedly received copies of local papers wherein it received headline treatment.
2. Regarding the comment about Jaime ROSENBERG (para. 5 of enclosure), we have instructed Essence to mail an anonymous letter to CRUZ Wer stating that the campaign against him was instigated by the communists and ROSENBERG with the hope of installing the latter as Chief of the Guardia Civil.
3. Essence was also instructed to send a threatening anonymous letter to RESENBERG and to Reginaldo ARCHILA (the subject of para. 8 of enclosure), warning them that they are marked men but may be able to save their lives if they change their course of action. They will be told that they are being watched. If these letters have an effect, a note of encouragement and a half-way commendation will be added to the next letter, but they will not be left off the book.
